So you have been fully vaccinated. Do you feel it is time to ditch the mask, pitch the rest of the sanitizer, and peel the 6' labels off the floors? Maybe you missed the bumper-to-bumper in a queue while breathing down the neck of the person in front of you. **NOT SO FAST...** Yes, we can get a little closer to our family members, especially those who have also been vaccinated, all while following the latest CDC guidelines. The vaccine efficacy may protect you from a serious hospital stay & meeting the man upstairs or downstairs, depending on your treatment toward your fellow man. You could still become infected and spread it to someone without you even knowing it. Has anyone noticed that the flu reporting has been pretty much nonexistent? It is amazing how a change in people's hygiene awareness affects everyone around us. I found the following travel link to share below.

[What Fully Vaccinated Travelers Need to Know Before Planning a Trip](#)

Now is the time to head to the SCSC website to vote for the trip committee representatives. You may select four from the six who accepted the nominations. The link is on the [front page](#) of this newsletter, and as a member, you are already registered. You have no line to wait in, it is not illegal for someone to give you water while waiting to logon to your PC or use your phone or tablet, and the only ID you will need for verification will be your email address.

I know some of our members have pushed beyond my conservative approach with the SCSC trips for this season to venture out on your own to ski. I hope you safely enjoyed your skiing as we continue to work towards the day of mask-less gatherings. I want to urge you all to patiently follow the advice of the medical experts as we transition through spring and into summer. Now that we are in our fortieth year as a club Gail is looking into dreaming up something special as only she can do. We are also working to re-establish a normal ski season for 2022. John has a trip committee article about getting quotes for next season, and as a teaser, it could be an EPIC season.

As always, feel free to contact me with any SCSC questions. President@StarkCountySkiClub.org

Hall of Fame Marathon Volunteers May 2

We are one of the go to groups for this event, and they can use our support.

The event will be much different from past years. The race committee is working with reduced participation for all race legs and staggered start times. The event has approval from the Stark County Health Dept. There will be no race expo, an after-party at the stadium, and no fans at the start/finish line. Runners will have race packets mailed, and they will receive a post-race box with metal, snack, drink, and blanket at the finish. Water will be 8 oz. bottles set on tables for runners to take as they pass. Water stop volunteers will be placing bottles on tables, with no contact with runners.

No tee shirts this year, but you do get one of the blankets.

Also, for volunteering, you can take part in the 5k on Saturday, May 1st, for free.

Volunteers are needed for:

Runner Packet Assembly - April 13, 14, & 15 - 10am to 8pm - volunteer for a few hours.

Finisher box assembly - April 20, 21, 23, 10am to 8pm - volunteer a few hrs.

Water stop set up - May 2nd early morning, deliver tables and water cases to marked stops.

Water Stop Volunteer - 4 per station - first runners kick off at 7 am

We still need volunteers for water stops the morning of race, May 2nd.

Also need volunteers to help a few hrs. with runner packet assembly for mailing during the week of April 12th between 10am and 8pm.

Also help with finisher boxes during the week of April 19th, 10am to 8pm.

Please contact me for any interest in the volunteer positions and if you're interested in participating in the 5k.

Help Bill Day

We would like to put a work crew together to help Bill Demsky with spring cleanup around his house. I did a walk around the yard with Bill, and cleanup is mainly cleaning up sticks in the yard, and cleaning leaves from flower beds around the house. Looking at **Sat, April 10th**, starting at 10am. If we get several helpers, we should be done in 2 to 3 hrs.

A mass email will go out should the schedule change from the 10th

Bill has a large yard, so if you are worried about social distancing, there is plenty of room to space out. If you are interested in helping that day, contact me. We will need to bring rakes and gloves.

Thank you
gail

Trip Committee Chair John Masalko

By the time you read this, the last trip for the season is on its way home! On the Breckenridge trip, we had a few fall off the trip, because of situations beyond our control. There are 21 of us in total that will be traveling by automobile, and United Airlines, leaving March 27th and returning April 1st. We are staying at the beautiful Beaver Run resorts and condominiums.

The trip committee is still chomping away on next season's trips and beyond. Art is doing the virtual meetings with the Mountain Travel symposium group, meeting with different tour operators and resort representatives. The trip committee has received a few quotes for next season, and I would like to say that the majority of the quotes are coming from Vail resorts, which means the Epic pass will be usable at these resorts. We are looking into Mt. Snow, VT., Sun Valley ID., and Park City UT. Sun Valley could be tricky depending on the Epic Pass you choose, but Mike's research notes that in past years Vail has allowed people to upgrade as long as you do it before the September deadline of the full payment. Otherwise, the Epic Local Pass limits Sun Valley lifts to 2 days and 50% off regular-priced lift tickets after you have used your 2 included lifts. Please review the terms of the Epic Pass by following the Epic Pass Link below. We are also looking into Killington Vt., which is on the Ikon Pass, as a possible choice. As with all of our weekly trips, you do not have to have a pass, and optional lift ticket groupings will be available, but we like to keep our pass purchasing membership informed.

Update from Breckenridge via text to Mike to edit my article, the skiing is great! Received about 8" of snow on the 30th and skied powder in the morning. It continued snowing on top of the mountain throughout the day today.

Please see the Epic pass discounted early bird promotions, which are in this newsletter. The discounts are 20% off the Epic Pass, 20% off the Epic Local Pass, and 20% off the 4-day Epic pass.

The trip committee will be working hard throughout the summer to get the best deal out there!

Stay safe,
John

Before you put your skis away for the summer, now would be a good time to bring them in for an end of the season tune-up. That way they'll be ready for the first outing next season. Another reason is that my tune-up guy is going to have surgery this fall so he will probably be out of commission until January. He'd like to do lots of tune-ups this spring to get ahead of the game and not cause any delays when it's time to ski again. As of April 1, I won't have regular hours at the store so just call my cell, 330-581-9278, to arrange a time to come in.

Thanks SCSC for supporting The Ski Shack this crazy year.
Let's hope next year has as much snow and no COVID! Joyce
